Email: siferhselamawit@gmail.com

I am motivated and talented 5th-year software engineering student with a strong foundation in various programming languages and technologies. Skilled in Java, C++, Flutter, HTML, CSS, JavaScript, Bootstrap, Python, data structures, databases, software engineering, machine learning, cybersecurity, AI, and networking. Completed training in UI/UX design, Kemmkom, Linux fundamentals, and life skills. Demonstrated expertise in React and Django, with intermediate skills in HTML, CSS, Bootstrap, Flutter, Figma design, and Tailwind. Seeking challenging opportunities to apply my knowledge and skills in a professional work environment.

Education:

Bachelor of Science in Software Engineering [July 2024]

Addis Ababa University, [Addis Ababa, Ethiopia]

Key Courses:

- Java
- C++
- Flutter
- HTML
- CSS
- JavaScript
- Bootstrap
- Python
- Data Structures

- Database Management
- Software Engineering
- Machine Learning
- Cybersecurity
- Artificial Intelligence
- Networking

Training:
- UI/UX Design
- Kemmkom
- Linux Fundamentals
- Life Skills Training

Training Certificates like

CERTIFICATE
OF PARTICIPATION

This certificate is proudly presented to

Selamawit Seferh

for successfully completing the My Digital World Training
held by KEMMCOM in partnership with Meta held in
October/November 2023.

Internship Experience:

1.MINT Company [Duration: 4 months]

- Collaborated with the development team on various projects, contributing to the development of software applications.
- Gained hands-on experience in software engineering practices and project management methodologies.

2.HBGB Company [July 2023-present]

- Worked as part of a cross-functional team to develop and enhance software applications.
- Developed and maintained efficient code, ensuring high quality and adherence to project requirements.

3.PEDS Company [June 2023-present]

- Assisted in the development and testing of software systems, ensuring compliance with project specifications.
- Collaborated with team members to troubleshoot and resolve software issues.

Skills:

- Programming Languages: Flutter, HTML, CSS, JavaScript, Python
- Frameworks/Libraries: Bootstrap, React, Django,Tailwind
- Design Tools: Figma,
- Database Management: SQL, MySQL
- Networking Concepts
- Problem Solving and Analytical Thinking
- Teamwork and Collaboration
- Strong Communication Skills
